

MASTER KIM'S TAEKWONDO INSTITUTE'S
AFTER SCHOOL
MARTIAL ARTS PROGRAM

For nearly 30 years, Master Kim's Taekwondo Institute has been developing and perfecting a Martial Arts program that enhances the lives of children. Physically we develop their balance, strength, coordination, and fitness that helps them grow to be strong. Mentally we instill in them fundamental values of respect, discipline, positive attitude, and persistence that will help them lead happy and fulfilling lives. Emotionally we give them self confidence, self esteem, and a sense of self worth to help them make sound, good decisions where ever they may go or where ever they may be.

After much planning and preparation, we are really excited to bring to all our family and to people in our community our After School Martial Arts Program. Our After School program encompasses all that we offer our children in our regular Martial Arts program and so much more.

Overview

Your child will be transported to our facility via school bus. A normal day will include a fun Martial Arts class, structured physical activities, snack time, and character building lessons and activities.

- For Boys & Girls in elementary schools
- Pick them up as late as 6:00pm to coincide with your work schedule
- Competitive Rates
- Early dismissal and non-school days at no extra cost
- Multiple children discounts for families
- Experienced and Caring Staff
- Certified Instructors

It has never been more important to give our children the moral and emotional education that they do not receive at school, at extended care, day care, or with a babysitter. We work with you, the parents, to give your children a solid foundation of ethics and good behaviors that will transform your children and help them to make good decisions for themselves throughout their lives. And just as important, the children will gain increased awareness of themselves while learning self defense and gain the confidence and discipline from the Martial Arts training that will be invaluable to their well being.
